

## Reopening Protocols for K-12 Schools: Appendix T1

### Recent Updates (Changes highlighted in yellow)

#### 8/12/21

- Language inserted emphasizing vaccination as first line of prevention and urging schools to adopt policies that normalize, promote, and facilitate vaccination for all eligible persons on campus.
- Added additional clarification regarding determination of mask exemption in alignment with CDPH K-12 Schools Guidance 2021-2022 Questions & Answers. Determination must be made by a physician, nurse practitioner, or other licensed medical professional practicing under the license of a physician.

#### 7/28/21

- Reaffirms indoor masking requirement for everyone at K-12 schools regardless of vaccination status; customary exceptions apply
- Revised testing recommendations to include vaccinated individuals after COVID-19 exposure and in surveillance testing programs, if testing capacity allows.
- In alignment with current Health Officer Order, employees exempt from wearing masks indoors must be tested at least twice per week.
- Clarified that mask is not required when individual is the only person present in a room or contiguous workspace.
- Confirms that at this time, students granted a reasonable accommodation in the form of mask exemption due to a disability or other condition are not prohibited by LACDPH from in-person education. Strongly recommended that such students be tested for COVID-19 at least twice weekly.
- Students who are excluded from campus because they will not wear a face covering should be offered alternative educational opportunities.
- Clarifies that physical distancing strategies are still recommended as long as they do not interfere with full-time attendance for all students.
- PE classes falls under the 100% masking requirement if class is held indoors.  
Updated exposure guideline to note that fully vaccinated individuals who are close contacts to a case do not need to quarantine but it is strongly recommended that such individuals be tested after exposure regardless of vaccination status.

The County of Los Angeles Department of Public Health is adopting a staged approach, supported by science and public health expertise, to enable schools serving students from transitional kindergarten through grade 12 to reopen safely. In addition to the conditions imposed on schools by the State Public Health Officer and the California Department of Education, schools must also be in compliance with these employee and student safety and infection control protocols.

Please note: This document may be updated as new information and resources become available. Go to <http://www.ph.lacounty.gov/media/Coronavirus/> for updates to this document.

This document starts with a discussion of current provisions for on-campus education in Los Angeles County, followed by information about safety strategies specific to the school environment.

The TK-12 reopening checklist provides safety measures in five areas:

- (1) Workplace policies and practices to protect employee and student health
- (2) Measures to create distancing where feasible
- (3) Measures to optimize infection control
- (4) Communication with employees, students and families of students and the public
- (5) Measures to ensure equitable access to critical services.
